HONOR HARRINGTON
SHIPS OF THE FLEET
1902-1903 P.D. CALENDAR

This 15 month (October 2005-December 2006) calendar commemorates Old Terran and Manticoran Holidays for the true fan of the series.

This calendar meets all Manticoran regulations date conversions, covering 1902/1903 PD, and shows the local planetary dates for Manticore, Sphinx and Gryphon in the colored bars. Dates of importance for Manticore are shown in light blue, Old Earth astronomical events are shown in gray, and United States federal holidays are shown in black. All dates are derived from the conversion in the back of *On Basilisk Station*.

Year 1 PD is AD 2103. Year 1903 PD is $2103+1903=4006$. The Gregorian Calendar repeats every 400 years, which means that a 4006 calendar has the same "days of the week" as a 2006 calendar.
